

# QUESTIONNAIRE - You Can Participate in the Army's Planning Process

The U.S. Army Alaska needs your help in updating the Forts Greely, Richardson, and Wainwright Integrated Natural Resources Management Plans for 2002-2006. The purpose of these plans is to ensure long-term natural resource productivity in order for the Army to achieve its military mission and to provide land use opportunities to the local community. The Army would like to know what natural resource issues are important to you. Your answers will help in the development of management alternatives. Please take a few minutes to complete the following survey. Please return completed survey no later than April 15, 2001.
